Portal Terms and Conditions

March 7, 2024

Please read the terms and conditions (Terms and Conditions) entirely and carefully before using the Portal Application (Portal). These Terms and Conditions are subject to change without prior written notice at any time, at Bridges' sole discretion. These Terms and Conditions outline our practices regarding the Portal and our sensitivity to your right to privacy. We reserve the right and discretion to revoke access at any time for any reason.

YOUR PORTAL RECORD

Bridges is pleased to offer you a Portal. It is an online service that provides you with convenient access to portions of your medical record. It also offers a secure method of online communication with our Bridges team for such activities as secure image and document exchange, direct appointment scheduling, and secure online messaging.

The ability to sign in and access the portal requires multiple layers of verifiable personal information, such as authentication and confirmation of a unique six-digit security code received by text, which provides an additional layer of security.

RESPONSE TO SECURE MESSAGING

We will use our best effort to respond to electronic inquiries in a timely manner. However, in some cases, the staff may not be available immediately to respond.

Emergency situations requiring immediate attention should not be submitted electronically. For all urgent medical matters, contact your physician's office by phone, go to an emergency room, or dial 911.

SECURITY AND CONFIDENTIALITY

As a Portal user, your role in maintaining the security of your medical information is:

- Keep your login credentials confidential (never share them with anyone).
- Keep your personal mobile device secure.

You hereby assume full responsibility for your use of the Portal and full liability for actions that occur from end-user access and use of the Portal. You agree that Bridges shall be held harmless against any and all damages or claims you may have related to your access and use of the Portal, including (but not limited to) unauthorized access and the disclosure and use of

information. You agree your sole and exclusive remedy in the event of such damages or claims is to cease using the Portal.

We afford the same degree of confidentiality to medical information stored in your Portal as is given to medical information stored by Bridges in any other medium. We are committed to protecting the confidentiality of your medical information. We limit team members' access and ability to enter or view information based on their role in your care. Firewalls, passwords, encryption, and audit trails are further used to safeguard your information.
